RECEIVED
AUG 10 1990

Honorable William K. Reilly
Administrator
Environmental Protection Agency
401 M Street
Washington, D. C. 20460

Dear Mr. Reilly:

I understand you have before you a request for approval of a product which possibly could reduce harmful pollutants in the environment. I refer to Ethyl Corporation's HiTEC 3000 additive.

Based on the materials I have reviewed about this additive, I see this as a cost effective way to reduce the tailpipe emissions which cause major problems in the metropolitan areas of our country.

I feel sure that you will review all of the tests for this product, and I urge your approval if the application substantiates the claim of reduced emissions.

Sincerely,

W. F. (Billy) Harris
